“STAY CONSISTENT AND WORK HARD.”

LUKE DAURER

... HONORS GRADUATE
... STUDENT ATHLETE ... ACCOUNTANT
... MICHIGAN CITY SUCCESS STORY

This Michigan City High School alum has a passion for numbers – and basketball.

STELLAR STUDENT: A distinguished grad of Michigan City’s Class of 2014, Luke’s academic day was filled with honors, AP, and dual-credit courses. After school, he kept busy with varsity sports (including basketball, cross country, and track) and was a member of the National Honor Society and Foreign Language Honor Society. “My teachers at Michigan City were the best. I never had a bad experience; they helped me excel.”

DOWN BUT NOT OUT: Luke also praises his coaches and the athletic trainers at MCHS, who nursed him back to health his senior year after a devastating ankle break. “I was supposed to miss the entire season, but they helped me come back, physically and mentally. I learned I could still contribute to the team, even when I wasn’t on the court. I was able to return and play in the last eight games.”

NUMBERS GUY: In addition to his love for basketball, Luke also developed a passion for math during high school. He went on to major in Accounting at St. Xavier University in Chicago, which he attended on a basketball scholarship. Despite his heavy load of math courses, Luke shined on the court at St. Xavier. He graduated in 2018 and is now an accountant for AFS, a small, family-owned firm in Michigan City.

SECRET TO SUCCESS: “Stay consistent. You don’t have to *always* have a plan; but be consistent and work hard, and things will work out.”

Did you know?

MCHS offers a variety of advanced Math and Business courses, including AP Calculus, AP Statistics, Accounting, and a Banking & Investment Capstone course.
