

YOUR DOOR TO THE FUTURE

VISUAL & DIGITAL COMMUNICATIONS

In this program, you'll gain a broad range of skills and knowledge to prepare you for careers in the fast-paced, exciting world of radio, TV, and digital technology. You'll learn digital publishing and printing techniques and will gain hands-on experience with sound, video, and editing equipment as you work on projects in a production studio at LaPorte High School. Script writing, video and still photography, and graphic design software skills are also part of this hands-on course.

Potential Careers - Visual & Digital Communications

1

Year One

Radio and Television I focuses on communication, media, and production. Emphasis is placed on career opportunities, production, programming, promotion, sales, performance, and equipment operation. Students will also study the history of communication systems as well as communication ethics and law. Students will develop oral and written communication skills, learn software and equipment operation, and foster teamwork skills.

Ivy Tech Dual College Credits:

DOE 4834	Fundamentals of Design	3 credits
DOE 5232	Fundamentals of Imaging	3 credits
DOE 5986	Video & Sound	3 credits

2

Year Two

Radio and Television II prepares students for admission to television production programs at institutions of higher learning. Students train on professional equipment creating a variety of video projects. During this second-year program, students integrate and build on first-year curriculum while mastering advanced concepts in production, lighting, and audio.

Ivy Tech Dual College Credits:

DOE 5992	Production Editing I	3 credits
----------	----------------------	-----------

When You Finish

Students can continue their education at a 2- or 4-year college in communications and/or broadcasting, or may qualify for an entry level position in the industry.

LaCrosse | LaPorte | Michigan City | New Prairie | South Central | Westville | New Buffalo

► Students will be broadcasting live athletic events and other shows to a local cable TV station.
